

OUR SLIDING SCALE

Community acupuncture is done in a warm and comfortable group setting the way it's often done in Asia.

Below is our suggested guideline of how much to pay per visit. You pick what you pay based on your **household** income. We do not verify income.

Ours is an honor system. We ask that you please pay fairly, as it's only with the support of the community that we're able to provide our services at these prices.

There is a one-time \$15 new patient charge for your first appointment.

Household Income	Acupuncture or Cupping treatments
\$50,000+	\$45
\$30,000-\$50,000	\$40
\$25,000-\$30,000	\$35
\$20,000-\$25,000	\$25
